

The 12 Apps of Christmas

Join us!

The second B.C. 12 Apps of Christmas event is taking place this December. Similar to the successful U.K. event, this **fast, fun, microlearning** opportunity is **free, open, online** and offered to you by B.C. post secondary educators for B.C. post secondary educators. All are welcome to register and participate.

What is it?

Explore **a new app a day for 12 days!** Each day will introduce you to an app, where to get it, how to use it, and some ideas of how it might be used for teaching and learning. Each day will include a challenge to use the app that you can complete in a short time. Participants are asked to share their results and reflect on any additional ideas of how to use it in the future.

For each challenge completed and shared, participants will have their name entered in a draw for a **cool prize!**

When is it?

December 4 — 19, 2017

Where is it?

Go to 12appsofChristmas.ca, for more information and to register.
