# Open Education:
Improving access and fostering change

APRIL 2019

$3 million

Deliverables

- Open source homework system
- Zed creds
- Pedagogical capacity building
- Regional representative program
- Improved searchability
- Return on investment research
- OER Curriculum Development

BCcampus
Learning. Doing. Leading.

We lead the development, use, growth, and sustainability of open educational resources (OER) and open educational practices (OEP) in B.C. for post-secondary education and partners.

Strategic Priorities

- Save students money on textbook costs
- Increase flexible teaching and learning options for educators
- Continue to position B.C. as a leader in open educational practices, both nationally and internationally
- Develop institutional capacity for open education

The 5Rs of Open

1 | Retain
the right to make, own, and control copies of the content

2 | Reuse
the right to reuse the content verbatim or in its unchanged form

3 | Revise
the right to adapt the content itself

4 | Remix
the right to combine the original or revised content with other content to create something new

5 | Redistribute
the right to make and share copies of the original content, revisions, or remixes with others
