# Land Acknowledgement

We acknowledge the traditional territory on which we are gathered today, including the unceded territories of the Lekwungen-speaking peoples of the Songhees and Esquimalt Nations and the WSÁNEĆ peoples.

# Topics

- How to create an account
- The Pressbooks dashboard
- How to set up a book
- How to add content to a book
- How to share a book

# What is Pressbooks?

- Pressbooks is a tool for publishing open textbooks
- Pressbooks books are exported in formats like PDF, EPUB, Common Cartridge
- All B.C. and Yukon post-secondary faculty and staff can use the BCcampus instance of Pressbooks

# What does a book look like in Pressbooks?

The screenshot shows a web page for a textbook. At the top left is the BCcampus logo. At the top right are links for 'Home', 'Read', 'Sign in', and a search bar labeled 'Search in book...'. The main content area has a dark background. On the left, the title 'Math for Trades: Volume 1' is displayed in white, followed by the authors 'Chad Flinn and Mark Overgaard'. Below this is a paragraph of text describing the book's content. Underneath the text are Creative Commons Attribution icons and a 'READ BOOK' button. At the bottom left is a Twitter icon. On the right side, there is a book cover image for 'Math for Trades Volume 1'. Below the cover is a red-bordered button labeled 'Download this book' with a dropdown arrow.

## Math for Trades: Volume 1

Chad Flinn and Mark Overgaard

The *Math for Trades: Volume 1* textbook represents the building blocks for math training. The book includes whole numbers, fractions, decimals, and percents. The material is presented from a trades perspective with easy-to-understand examples and video explanations accompanying questions. The goal of this volume is to get students prepared for the more advanced topics that they will encounter during their trades math education.

# Table of Contents

The screenshot shows a digital interface for a Table of Contents. At the top, the word "CONTENTS" is displayed in a bold, red, sans-serif font. Below it is a red rectangular button with the text "SHOW ALL CONTENTS" in white. The main content area is a scrollable list of items, each on a light gray background. The items are: "Accessibility Statement", "For Students: How to Access and Use this Textbook", "About BCcampus Open Education", "I. Introduction", "II. Whole Numbers" (with a minus sign icon to its right), "1. The Place Value System", "2. Adding Whole Numbers", "3. Subtracting Whole Numbers", "4. Multiplying Whole Numbers", "5. Dividing Whole Numbers", "6. Whole Numbers Quiz", and "III. Fractions" (with a plus sign icon to its right).

# Chapter Excerpt

$$0.267 \times 100 = 26.7$$

## Practice Questions

Try these practice questions. You can either change each number into a fraction with a denominator of 100, or you can divide one number by the other. The choice is yours, but the video answers will go through both ways.

### Question 1

The electrical students are wiring an electrical project as part of their practical mark. The students must receive a minimum of 35 out of a possible 50 marks. What percentage is that?

The video player interface shows a title card on the left with the text: **MATH FOR TRADES**, Fractions to percentage, Question #1. The main video area displays a chalkboard with mathematical formulas and diagrams. Visible formulas include  $x_0 = 3a$ ,  $ax^2 + bx + c = 0$ ,  $x = \frac{-b \pm \sqrt{b^2 - 4ac}}{2a}$ , and  $\frac{3}{2}x - \frac{3}{9}x^2 + b$ . A play button is centered over the chalkboard. The video player controls at the bottom show a progress bar at 0:00 / 0:40 and the BCcampus logo.

# Almost Ready

---

## CONGRATULATIONS! YOUR NEW BOOK, INTRODUCTION TO CROCHET, IS ALMOST READY

But, before you can start writing your book, you must activate it.

Check your inbox at [arianna.cheveldave@bccampus.ca](mailto:arianna.cheveldave@bccampus.ca) and click the link given.

If you do not activate your site within two days, you will have to sign up again.

---

## STILL WAITING FOR YOUR EMAIL?

If you haven't received your email yet, there are a number of things you can do:

- Wait a little longer. Sometimes delivery of email can be delayed by processes outside of our control.
- Check the junk or spam folder of your email client. Sometime emails wind up there by mistake.
- Have you entered your email correctly? You have entered [arianna.cheveldave@bccampus.ca](mailto:arianna.cheveldave@bccampus.ca), if it's incorrect, you will not receive your email.

# Activation Email

Your account is now activated. [View your site](#) or [Log in](#)

# Log In

A screenshot of the Pressbooks login page. At the top, the Pressbooks logo is displayed, consisting of a red square with the letters 'PB' in white, followed by the word 'PRESSBOOKS' in a bold, black, sans-serif font. Below the logo, the text 'LOG IN' is centered in a bold, black, sans-serif font. Underneath, there are two input fields. The first is labeled 'Username or Email Address' in a small, red font, and contains the text 'ariannacheveldave'. The second is labeled 'Password' in a small, red font, and contains a series of black dots. To the right of the password field is a small blue eye icon. Below the password field is a checkbox labeled 'Remember Me' in a small, red font. At the bottom of the form is a large red button with the text 'LOG IN' in white, centered. Below the button, there are two links: 'Register | Lost your password?' and 'Go to Introduction to Crochet', both in a small, red font.

# Pressbooks Dashboard

The screenshot shows the Pressbooks Dashboard interface. At the top, a red header bar contains the Pressbooks logo (PB), a folder icon labeled 'My Books', a book icon labeled 'Introduction to Crochet', and a user profile icon labeled 'Hello, ariannacheveldave'. On the right side of the header, there is a 'Screen Options' dropdown menu.

On the left side, a vertical sidebar menu lists various dashboard sections: Dashboard (selected), Home, My Catalogue, WP-Piwik, Organize, Book Info, Appearance, Export, Publish, Plugins, Media, Users, Tools, Settings, and Collapse menu.

The main content area is titled 'Dashboard' and features two primary widgets:

- Introduction to Crochet**: A widget for the current book. It lists sections: **Front Matter** (with a red 'Add | Organize' link), **Introduction**, **Main Body** (highlighted in red), **Chapter 1**, **Back Matter**, and **Appendix**. It also includes expand/collapse icons.
- Users**: A widget showing user management. It displays a user profile for 'ariannacheveldave - Administrator' with a profile picture icon. Below, it states '1 total users: 1 administrator.' and provides an 'Add | Organize' link.

At the bottom of the dashboard, there is a footer with the text: 'Powered by [Pressbooks](#) • [About](#) • [Guides and Tutorials](#) • [Diagnostics](#) • [Site Map](#)'.

# My Books

The screenshot displays the 'My Books' interface. At the top, a red header bar contains the 'PB' logo, 'My Books', and the current book title 'Introduction to Crochet'. On the right of the header, it says 'Hello, ariannacheveldave' with a user profile icon and a 'Screen Options' dropdown.

The left sidebar contains a navigation menu with the following items: My Catalogue, Create A New Book, Clone A Book, Introduction to Crochet (selected), Book Info, Appearance, Export, Publish, Plugins, Media, Users, Tools, Settings, and Collapse menu.

The main content area is divided into two panels. The left panel, titled 'Introduction to Crochet', shows a table of contents with the following items: Introduction, Front Matter, Introduction, In Body, Chapter 1, Back Matter, and Appendix. There are 'Add' and 'Organize' links next to the 'Introduction' and 'Back Matter' rows. The right panel, titled 'Users', shows a list of users with a profile icon for 'ariannacheveldave - Administrator' and the text '1 total users: 1 administrator.' with 'Add' and 'Organize' links.

# Webbook Home

The screenshot shows a webbook interface. At the top left is the BCcampus logo. At the top right are navigation links: Home, Read, Admin, Sign out, and a search bar labeled 'Search in book ...' with a magnifying glass icon. The main content area has a dark background. On the left, the title 'Introduction to Crochet' is displayed in white. Below it is the author's name 'Arianna Cheveldave' and the text 'All Rights Reserved'. A white button with the text 'READ BOOK' is positioned below. A small white Twitter icon is located at the bottom left of this section. On the right side, there is a vertical rectangular panel with a light beige background. It features a red typewriter icon in the center. Below the icon, the text 'PRESSBOOKS' is written in a bold, black, sans-serif font, with 'Simple Book Production' in a smaller font underneath.

**Clarke Theme**  
This chapter looks nice with a subtitle

Before she flew to the launch site, Helena Lyakhov always went through the same ritual. She was not the only cosmonaut who did so, though few ever talked about it.

It was already dark when she let the Administration Building and walked past the pine trees, until she came to the famous statue. The sky was crystal clear, and a brilliant full moon had just risen. Automatically, Helena's eyes focused on

**AUSTEN THEME**

IT IS A TRUTH UNIVERSALLY ACKNOWLEDGED that a single man in possession of a good fortune, must be in want of a wife.

However little known the feelings or views of such a man may be on his first entering a neighbourhood, this truth is so well fixed in the minds of the surrounding families, that he is considered the rightful property of some one or other of their daughters.

"My dear Mr. Bennet," said his lady to him one day, "have you heard that Netherfield Park is let at last?"

**Austen Classic**

**8. Donham Theme**

**Fitzgerald Theme**  
*Not Quite as Famous as Gatsby*  
F. Scott Fitzgerald

Amory Blaine inherited from his mother every trait, except the stray inexpressible few, that made him worth while. His father, an ineffectual, inarticulate man with a taste for Byron and a habit of drowsing over the Encyclopedia Britannica, grew wealthy at

**Fitzgerald**

**1. Introduction**

This book is an attack on current city planning and rebuilding. It is also, and mostly, an attempt to introduce new principles of city planning and rebuilding, different and even opposite from those now taught in everything from schools of architecture and planning to the Sunday supplements and women's magazines. My attack is not based on quibbles about rebuilding methods or hairsplitting about fashions in design. It is an attack, rather, on the principles and aims that have shaped modern, orthodox city planning and rebuilding.

**Jacobs**

**12**

**Luther Theme**  
*A subtitle for this chapter*

Martin Luther

I have heard evil reports about myself, most blessed Father, by which I know that certain friends have put my name in very bad odor with

**Luther**

**i. The Gutenberg Galaxy**

When King Lear proposes "our darker purpose" as the subdivision of his kingdom, he is expressing a politically daring and *awaste-garde* intent for the early seventeenth century.

Only we still retain  
The name, and all its additions to a king. The sway,  
Reverence, and execution of the rest,  
Beloved sons, be yours; which to confirm,  
This coronet part between you.

**McLuhan**

# Appearance – Custom Styles

The screenshot shows the 'Appearance' section of a software interface. At the top, there's a red header bar with 'PB My Books Introduction to Crochet' on the left and 'Hello, ariannacheveldave' on the right. Below the header, a sidebar on the left contains navigation options: Dashboard, Organize, Book Info, Appearance (highlighted), Themes, Theme Options, Custom Styles, Export, Publish, Plugins, Media, Users, Tools, Settings, and Collapse menu. The main content area is titled 'Custom Styles' and shows 'You are currently editing styles for: Web'. Below this, there's a section for 'Theme Web Styles (Clarke)' containing a code editor with the following CSS: 

```
1 @font-face {
2   font-family: 'GFS Neohellenic';
3   src: url('fonts/GFSNeohellenic.ttf') format('truetype');
4   font-style: normal;
5   font-weight: normal; }
6 @font-face {
7   font-family: 'GFS Neohellenic';
8   src: url('fonts/GFSNeohellenicItalic.ttf') format('truetype');
9   font-style: italic;
10  font-weight: normal; }
11 @font-face {
12  font-family: 'GFS Neohellenic';
13  src: url('fonts/GFSNeohellenicBold.ttf') format('truetype');
14  font-style: normal;
15  font-weight: bold; }
16
```

 Below the code editor is a section for 'Your Web Styles' which is currently empty. At the bottom left of the main content area, there is a red 'Save' button.

## Publish

Once your book is finished, you can download the files and submit them to ebookstores and print-on-demand providers.

### Ebook Stores

Once you have downloaded your files, you can either submit them to ebookstores yourself, or use a third-party distributor. Recommended self-serve ebookstores are [Kindle](#), [Kobo](#), and [Nook](#). Other ebook stores include Apple iBooks and Google.

If you do not wish to submit your ebooks yourself, we recommend using a third-party distribution service such as [IngramSpark](#), which can also make your books available online in print.

### Print-on-Demand

If you wish to sell your printed books online, we recommend going through [IngramSpark](#) or Amazon's [CreateSpace](#).

### Adding BUY Links to Your Pressbooks Web Book

If you would like to add BUY links to your Pressbooks web book, add the links to your book at the different retailers below:

## MathJax

$$P_{\nu}^{-\mu}(z) = \frac{(z^2 - 1)^{\frac{\mu}{2}}}{2^{\mu} \sqrt{\pi} \Gamma(\mu + \frac{1}{2})} \int_{-1}^1 \frac{(1-t^2)^{\mu-\frac{1}{2}}}{(z + t\sqrt{z^2-1})^{\mu-\nu}} dt$$

If you can see a big integral, then PB-MathJax is configured correctly, and all is well.

### Syntax

#### LaTeX

Shortcode syntax: `[latex]e^{i \pi} + 1 = 0[/latex]`

Dollar sign syntax: `$latex e^{i \pi} + 1 = 0$`

#### AsciiMath

Shortcode syntax: `[asciimath]e^{i \pi} + 1 = 0[/asciimath]`

Dollar sign syntax: `$asciimath e^{i \pi} + 1 = 0$`

#### MathML

Markup syntax: `<math><!-- Your math here --></math>`

### Text color

A six digit hexadecimal number like `000000` or `ffffff`

### SVG/PNG Fonts

Affects exports (PDF, EPUB, MOBI). Webbook uses CommonHTML. CommonHTML currently only supports MathJax's default TeX fonts.

# How to set up a book

# Parts of a Book

The screenshot displays the Pressbooks dashboard interface. At the top, a red header bar contains the Pressbooks logo (PB), navigation links for 'My Books' and 'Introduction to Crochet', and a user greeting 'Hello, ariannacheveldave'. Below the header, a dark sidebar on the left lists navigation options: Home, My Catalogue, WP-Piwik, Organize, Book Info, Appearance, Export, Publish, Plugins, Media, Users, Tools, Settings, and Collapse menu. The main content area is titled 'Dashboard' and features a card for the book 'Introduction to Crochet'. This card is highlighted with a blue border and lists the book's structure: Front Matter, Introduction, Main Body, Chapter 1, Back Matter, and Appendix. To the right of the book title are expand/collapse icons and a link for 'Add | Organize'. A second card titled 'Users' shows a profile for 'ariannacheveldave - Administrator' and states '1 total users: 1 administrator.', with another 'Add | Organize' link. At the bottom of the dashboard, there is a footer with the text 'Powered by Pressbooks' and links to 'About', 'Guides and Tutorials', 'Diagnostics', and 'Site Map'.

## 2.

### Tools and Materials

In this chapter, learn what tools and materials you need to get started in crochet.

The two main things you'll need are yarn and a hook.

There are many different kinds of yarn to choose from. Yarn varies based on material (e.g., wool, acrylic, cotton, bamboo), weight (e.g., lace, fine, bulky), and colour (anything you can think of!). Choose a yarn that is easily available to you and fits your budget.

Whereas knitting uses two needles, crochet uses one hook. Hooks come in different sizes, materials, and designs.

Like yarn, crochet hooks come in a variety of sizes. Matching your the size of your hook to that of your yarn is important to creating a crochet project with appropriate tightness. For instance, using a giant hook with light-weight yarn will result in your project having gaping holes.

When purchasing yarn, the packaging will likely indicate what size of hook is appropriate. Hooks are sized according to the diameter of the shaft in millimetres, meaning that a 5 mm hook is 5 mm thick. If you crochet long enough, you are bound to collect a range of hooks in different sizes.

Crochet hooks are made from aluminum, steel, wood, and plastic, among other things.

There are many different kinds of yarn to choose from. Yarn varies based on material (e.g., wool, acrylic, cotton, bamboo), weight (e.g., lace, fine, bulky), and colour (anything you can think of!). Choose a yarn that is easily available to you and fits your budget.

## Hooks

Whereas knitting uses two needles, crochet uses one hook. Hooks come in different sizes, materials, and designs.

### Size

Like yarn, crochet hooks come in a variety of sizes. Matching your the size of your hook to that of your yarn is important to creating a crochet project with appropriate tightness. For instance, using a giant hook with light-weight yarn will result in your project having gaping holes.

When purchasing yarn, the packaging will likely indicate what size of hook is appropriate. Hooks are sized according to the diameter of the shaft in millimetres, meaning that a 5 mm hook is 5 mm thick. If you crochet long enough, you are bound to collect a range of hooks in different sizes.

Crochet hooks are made from aluminum, steel, wood, and plastic, among other things.

## 2.

### Tools and Materials

In this chapter, learn what tools and materials you need to get started in crochet.

The two main things you'll need are yarn and a hook.

#### Yarn

There are many different kinds of yarn to choose from. Yarn varies based on material (e.g., wool, acrylic, cotton, bamboo), weight (e.g., lace, fine, bulky), and colour (anything you can think of!). Choose a yarn that is easily available to you and fits your budget.

#### Hooks

Whereas knitting uses two needles, crochet uses one hook. Hooks come in different sizes, materials, and designs.

# Create Header Cells

The screenshot shows a rich text editor interface. At the top, there is a toolbar with various icons for text formatting, alignment, and insertion. Below the toolbar, the text "Yarn" is displayed in a large, bold font. The main content area contains a paragraph of text about different kinds of yarn, followed by a link to a "standard yarn weight system". Below the text is a table with four columns: "Yarn weight number", "Category name", "Hook size", and "Example project". The first row of the table is highlighted in blue, indicating it is the header row. The table has several empty rows below the header. At the bottom of the editor, the text "Hooks" is visible.

# Textboxes

The screenshot displays the Pressbooks 'Edit Chapter' interface. The main content area is titled 'First Pattern' and contains a text editor with a rich text toolbar. A dropdown menu for 'Textboxes' is open, showing options: Standard, Standard (Sidebar), Shaded, Shaded (Sidebar), Examples, Examples (Sidebar), Exercises, Exercises (Sidebar), Key Takeaways, Key Takeaways (Sidebar), Learning Objectives, Learning Objectives (Sidebar), and Custom... The text in the editor includes a link to 'Chevron Stripes Crochet Scarf Pattern [PDF]' and a reference to 'Tools and Materials'. A video player is partially visible at the bottom. The right sidebar contains settings for 'Part' (Getting Started), 'Status & Visibility' (with checkboxes for 'Show in Web', 'Require a Password', 'Show in Exports', and 'Show Title'), and 'Chapter Type' (No chapter type). The top navigation bar shows 'My Books', 'Introduction to Crochet', and 'View Chapter'.

# Textboxes

The screenshot displays the Pressbooks editor interface. At the top, the navigation bar includes 'My Books', 'Introduction to Crochet', and 'View Chapter'. The user is logged in as 'Hello, ariannacheveldave'. The main editing area is titled 'Edit Chapter' and contains a text box with the heading 'First Pattern'. Below the heading, the permalink is shown as <https://pressbooks.bccampus.ca/webinar/chapter/first-pattern/>. A rich text editor toolbar is visible, featuring options for Paragraph, Bold, Italic, List, Quote, Link, and various alignment and color tools. The content area contains a section titled 'Learning Objectives' with a single bullet point: '• Learn how to read a crochet pattern.' Below this, there are two paragraphs of text: 'Ready to crochet? Here is an easy pattern you can try: [Chevron Stripes Crochet Scarf Pattern \[PDF\]](#).' and 'If you don't know what you need to make this pattern, go back to [Tools and Materials](#).' The final paragraph reads 'To learn how to read a pattern, watch this video:' followed by an embedded video player. The video player shows a thumbnail for 'How To Read A Basic Crochet Pattern' with 'Watch later' and 'Share' buttons. On the right side, there are several control panels: 'Part' (Getting Started), 'Status & Visibility' (with checkboxes for 'Show in Web', 'Require a Password', 'Show in Exports', and 'Show Title'), 'Revisions: 10 Browse', 'Created: Aug 18, 2021 @ 12:18', 'Move to Trash', and 'Save'. The 'Chapter Type' panel is set to 'No chapter type'.

# Math in Pressbooks

## Option 2: Images of equations with alt text

$$m = \frac{m_0}{\sqrt{1 - \frac{v^2}{c^2}}}$$

Sample alt text:

m equals begin fraction m sub 0 over begin square root 1 minus begin fraction v sup 2 over c sup 2 end fraction end square root end fraction”

# Option 3:

Write equations in a  
Pressbooks-supported  
language

Supported languages include

- LaTeX
- AsciiMath
- MathML

## LaTeX

Shortcode syntax: `[latex]e^{i \pi} + 1 = 0[/latex]`

Dollar sign syntax: `$latex e^{i \pi} + 1 = 0$`

## AsciiMath

Shortcode syntax: `[asciimath]e^{i \pi} + 1 = 0[/asciimath]`

Dollar sign syntax: `$asciimath e^{i \pi} + 1 = 0$`

## MathML

Markup syntax: `<math><!-- Your math here --></math>`

# Example: LaTeX

$$\text{\LARGE}\dfrac{5}{8}\times\dfrac{3}{4}=?\text{/latex}$$

**Step 1:** Multiply the numerators together.

$$\text{\LARGE}5\times 3=15\text{/latex}$$

**Step 2:** Multiply the denominators together.

$$\text{\LARGE}8\times 4=32\text{/latex}$$

**Step 3:** Put each of the answers in the appropriate place in the fraction.

$$\text{\LARGE}\dfrac{5}{8}\times\dfrac{3}{4}=\dfrac{15}{32}\text{/latex}$$

$$\frac{5}{8} \times \frac{3}{4} = ?$$

**Step 1:** Multiply the numerators together.

$$5 \times 3 = 15$$

**Step 2:** Multiply the denominators together.

$$8 \times 4 = 32$$

**Step 3:** Put each of the answers in the appropriate place in the fraction.

$$\frac{5}{8} \times \frac{3}{4} = \frac{15}{32}$$

# Import Pressbooks Content

The screenshot shows a web interface for a Pressbooks content page. On the left is a dark sidebar with a 'CONTENTS' header and an upward-pointing arrow. Below the header is a list of content sections: 'Introduction', 'I. Main Body', 'II. Getting Started', 'III. Common Questions', '4. Why did my project come out a different size than the pattern said it would?', 'Appendix', and 'Glossary'. Each section has a small icon (plus or minus) to its right. The main content area on the right has a dark header with the text 'INTRODUCTION TO CROCHET'. Below the header, the text 'Common Questions' is visible. A horizontal line is drawn across the page, followed by the section number '4.' and the title 'Why did my project come out a different size than the pattern said it would?'. Below the title, there are two paragraphs of text. The first paragraph states that if a project is larger or smaller than the pattern, the gauge is likely off. The second paragraph explains that gauge is the number of rows and stitches per row in a 4-inch square, and provides an example of how a project might be bigger than intended if the gauge is off.

CONTENTS ▲

INTRODUCTION TO CROCHET

Common Questions

---

4.

## Why did my project come out a different size than the pattern said it would?

If your project is larger or smaller than the pattern said it would be, it's likely that your gauge is off.

In crochet, your gauge is how many rows and how many stitches per row you produce in a designated area, which is often 4 inches by 4 inches. If the pattern says that your gauge for a 4-inch-by-4-inch square should be 11 rows up and 15 stitches across, but you measure 9 rows up and 13 stitches across, your stitches are likely bigger than those of the pattern's designer. Therefore, if you follow the pattern as written, your project will be bigger than the designer intended. If you want your project to match the size of the designer's, then you have a couple of options.

# Import Pressbooks Content

The screenshot displays a digital content page with a dark header. On the left, a 'CONTENTS' sidebar lists sections: Introduction, I. Main Body (+), II. Getting Started (+), III. Common Questions (-), 4. Why did my project come out a different size than the pattern said it would? (highlighted in red), Appendix, and Glossary. The main content area features a large heading '4. Why did my project come out a different size than the pattern said it would?' by ARIANNA CHEVELDAVE. The text discusses gauge in crochet, explaining that if the gauge is off, the project will be larger or smaller than intended. It offers solutions such as adjusting hook size, yarn usage, or hook material.

## 4. Why did my project come out a different size than the pattern said it would?

ARIANNA CHEVELDAVE

If your project is larger or smaller than the pattern said it would be, it's likely that your gauge is off.

In crochet, your gauge is how many rows and how many stitches per row you produce in a designated area, which is often 4 inches by 4 inches. If the pattern says that your gauge for a 4-inch-by-4-inch square should be 11 rows up and 15 stitches across, but you measure 9 rows up and 13 stitches across, your stitches are likely bigger than those of the pattern's designer. Therefore, if you follow the pattern as written, your project will be bigger than the designer intended. If you want your project to match the size of the designer's, then you have a couple of options.

Firstly, you can modify your stitching until your gauge matches the designer's. Techniques to try include going up or down a hook size (a bigger hook size will create a bigger stitch), intentionally using more or less yarn per stitch (the more yarn you use, the bigger your stitch will be), or using a hook of a different material, as the material of the hook can affect the size of the stitch.

# Import Word Document

The screenshot shows a web application interface with a red header bar. The header contains the logo 'PB', navigation links 'My Books' and 'Introduction to Crochet', and a user greeting 'Hello, ariannacheveldave'. A 'Screen Options' dropdown is visible in the top right.

The main content area is titled 'Dashboard' and features a sidebar menu on the left with the following items: Home, My Catalogue, WP-Piwik, Organize, Book Info, Appearance, Export, Publish, Plugins, Media, Users, Tools, Settings, and Collapse menu. The 'Tools' item is highlighted, and a dropdown menu is open showing 'Import' and 'Search & Replace'.

The main content area contains two widgets:

- Introduction to Crochet**: A widget with a title bar and expand/collapse icons. It lists sections: Front Matter (with 'Add | Organize' link), Introduction, Main Body, Chapter 1, Getting Started, Tools and Materials, First Pattern, Common Questions (with a question: 'Why did my project come out a different size than the pattern said it would?'), Back Matter, Appendix, and Glossary.
- Users**: A widget with a title bar and expand/collapse icons. It shows a user profile for 'ariannacheveldave - Administrator' and states '1 total users: 1 administrator.' with an 'Add | Organize' link.

Two large dashed boxes on the right side of the dashboard are labeled 'Drag boxes here', indicating a redacted area.

### Open Gratitude

BY [JCALDWELL](#) ● FEBRUARY 10, 2021 ● [FISCAL 2020-2021](#), [GENERAL](#), [HOMEPAGE](#), [OPEN EDUCATION](#)

In the spirit of spreadin' love, today we want to share a call to action to express gratitude — especially as it relates to open education. Let me explain.

*Post by Krista Lambert, project manager, ABE/Health Zero Textbook Cost Programs, BCcampus*

Back in 2017, when we were able to host conferences in person (the good old days), we had the pleasure of having then-CEO of Creative Commons [Ryan Merkley](#) as a [keynote speaker at the BCcampus Open Textbook Summit](#).

During his talk, Ryan Merkley described what makes a successful commons — and also drew on [Elinor Ostrom](#)'s work, on the tragedy of the commons, to touch on scarcity in the digital commons. “What is scarce about an abundant digital commons?” said Ryan Merkley. “Four things: collective action, community, collaboration, and gratitude. They are renewable. They are vital. But they are unfortunately

## Open Gratitude – BCcampus

### Open Gratitude

In the spirit of spreadin' love, today we want to share a call to action to express gratitude — especially as it relates to open education. Let me explain.

*Post by Krista Lambert, project manager, ABE/Health Zero Textbook Cost Programs, BCcampus*

Back in 2017, when we were able to host conferences in person (the good old days), we had the pleasure of having then-CEO of Creative Commons [Ryan Merkle](#) as a [keynote speaker at the BCcampus Open Textbook Summit](#).

During his talk, Ryan Merkle described what makes a successful commons — and also drew on [Elinor Ostrom](#)'s work, on the tragedy of the commons, to touch on scarcity in the digital commons. “What is scarce about an abundant digital commons?” said Ryan Merkle. “Four things: collective action, community, collaboration, and gratitude. They are renewable. They are vital. But they are unfortunately rare.”

Gratitude. This particular point resonated with us. It's something that can easily be expressed, makes a world of difference, and, as Ryan Merkle said, is renewable but rare.

Fast forward to present day, and we'd like to share a brief story that expresses gratitude and
