

Rural PSI Sexual Violence Prevention Workshop Series

A Community of Practice

Land Acknowledgement

College of the Rockies serves the communities of the East Kootenays. All of the College's campuses are located in the traditional territory of the Ktunaxa people which is also home to the Kinbasket people. Five First Nations bands are located in the regional boundary of the College: Four of which are Ktunaxa and one is Shuswap. Additionally, the College partners with the Kootenay Regional Office of the Métis Nation, BC. We are thankful for all our Indigenous partners and are constantly seeking new ways to support the development of our community.

Selkirk College acknowledges our respect for and deep gratitude to the First Nations of the West Kootenay and Boundary regions: the Sinixt (Lakes), the Syilx (Okanagan), the Ktunaxa, and the Secwepemc (Shuswap) peoples on whose traditional territories we are honoured to operate.

North Island College is honoured to acknowledge the traditional territories of the combined 35 First Nations of the Nuu-chah-nulth, Kwakwaka'wakw and Coast Salish traditions, on whose traditional and unceded territories the College's campuses are situated.

What we are doing

A Community of Practice: Collaboration in planning and delivery of three BCcampus SV workshops

Facilitators attend all three workshops

Why did we do this?

Opportunity to share insights, facilitation techniques and overall learnings

Opportunity to create a framework for future projects

Strength in numbers - higher enrollments

Social connections between staff and students

Marketing

Each institution does their own promotion, registration, attendance, reminder and follow up emails (with feedback mechanism)

Selkirk provides marketing templates (posters, social media tiles, wallet cards, and certificates)

North Island College provides post-event surveys and email templates

Reflections from the team

Looking ahead...

What other trainings and workshops could work well within this model?

Can we offer this model to other student, staff and community groups?

A full year training schedule: offering trainings multiple times and in various formats - perhaps in conjunction with asynchronous models like Articulate?

Thank you for attending!

Questions, comments, concerns?
