Learning. Doing. Leading.

What is Pressbooks?

- Pressbooks is a digital publishing tool commonly used for open textbooks
- Pressbooks books are exported in formats like PDF, EPUB, HTML, Common Cartridge etc.
- All B.C. and Yukon post-secondary faculty and staff can use the BCcampus instance of Pressbooks

What does a book look like in Pressbooks?

Introduction to Consumer Behaviour

Andrea Niosi

This open textbook was designed for students studying business or marketing at an undergraduate level. It draws on the fields of marketing, business, communications, media studies, psychology, sociology, and anthropology. The book invites readers to examine the internal forces that shape consumer decision making, such as perceptions, motivations, personality, and attitudes as well as the external ones, such as social and situational influences, culture, and subcultures. This text centres the lived experiences of today's consumers, specifically, undergraduate students. The author has also made efforts to decentre whiteness and dominant culture perspectives wherever possible to ensure a broader and more

Clarke Theme
This chapter looks nice with a subtitle
Before she flew to the launch site, Helena Lyakhov always went through the same ritual. She was not the only cosmonaut who did so, though few ever talked about it.
It was already dark when she let the Administration Building and walked past the pine trees, until she came to the famous statue. The sky was crystal clear, and a brilliant full
Active: Clarke
7
AUSTEN THEME
It is a truth universally acknowledged, that a single man in possession of a good fortune, must be in want of a wife.
However little known the feelings or views of such a man may be on his first entering a neighbourhood, this truth is so well fixed in the minds of the surrounding families, that he is considered the rightful property of some one or other of their daughters.
"My dear Mr. Bennet," said his lady to him one day, "have you heard that Netherfield Park is let at last?"
Austen Classic
8. Donham Theme
A THEME THAT LOOKS GREAT WITH SUBTITLES
John Smith
Whenever I ask people to tell me about their goals, I hear them say that they want to "get ahead at work" or "eat healthier" or
Donham
10
Fitzgerald Theme
Not Quite as Famous as Gatsby
F. Scott Fitzgerald
Amory Blaine inherited from his mother every trait, except the stray inexpressible few, that made him worth while. His father, an ineffectual, inarticulate man with a taste for Byron and a habit of drowsing over the Encyclopedia Britannica, grew wealthy at
Fitzgerald
1. Introduction
This book is an attack on current city planning and rebuilding. It is also, and mostly, an attempt to introduce new principles of city planning and rebuilding, different and even opposite from those now taught in everything from schools of architecture and planning to the Sunday supplements and women's magazines. My attack is not based on quibbles about rebuilding methods or hairsplitting about fashions in design. It is an attack, rather, on the principles and aims that have shaped modern, orthodox city planning and rebuilding.
Jacobs
12
Luther Theme
A subtitle for this chapter
Martin Luther
I have heard evil reports about myself, most blessed Father, by which I know that certain friends have put my name in very bad odor with
Luther
1. The Gutenberg Galaxy
When King Lear proposes "our darker purpose" as the subdivision of his kingdom, he is expressing a politically daring and avante-garde intent for the early seventeenth century:
Only we still retain
The name, and all th' additions to a king. The sway,
Revenue, and execution of the rest,
Beloved sons, be yours; which to confirm,
This coronet part betwixt you.'
McLuhan

and materials you need to get started in crochet.
d are yarn and a hook.
There are many different kinds of yarn to choose from. Yarn varies based on material (e.g., wool, acrylic, cotton, bamboo), weight (e.g., lace, fine, bulky), and colour (anything you can think of!). Choose a yarn that is easily available to you and fits your budget.
Whereas knitting uses two needles, crochet uses one hook. Hooks come in different sizes, materials, and designs.
Like yarn, crochet hooks come in a variety of sizes. Matching your the size of your hook to that of your yarn is important to creating a crochet project with appropriate tightness. For instance, using a giant hook with light-weight yarn will result in your project having gaping holes.
When purchasing yarn, the packaging will likely indicate what size of hook is appropriate. Hooks are sized according to the diameter of the shaft in millimetres, meaning that a 5 mm hook is 5 mm thick. If you crochet long enough, you are bound to collect a range of hooks in different sizes.
Crochet hooks are made from aluminum, steel, wood, and plastic, among other things.

There are many different kinds of yarn to choose from. Yarn varies based on material (e.g., wool, acrylic, cotton, bamboo), weight (e.g., lace, fine, bulky), and colour (anything you can think of!). Choose a yarn that is easily available to you and fits your budget.

Read up on the standard yarn weight system.

Hooks

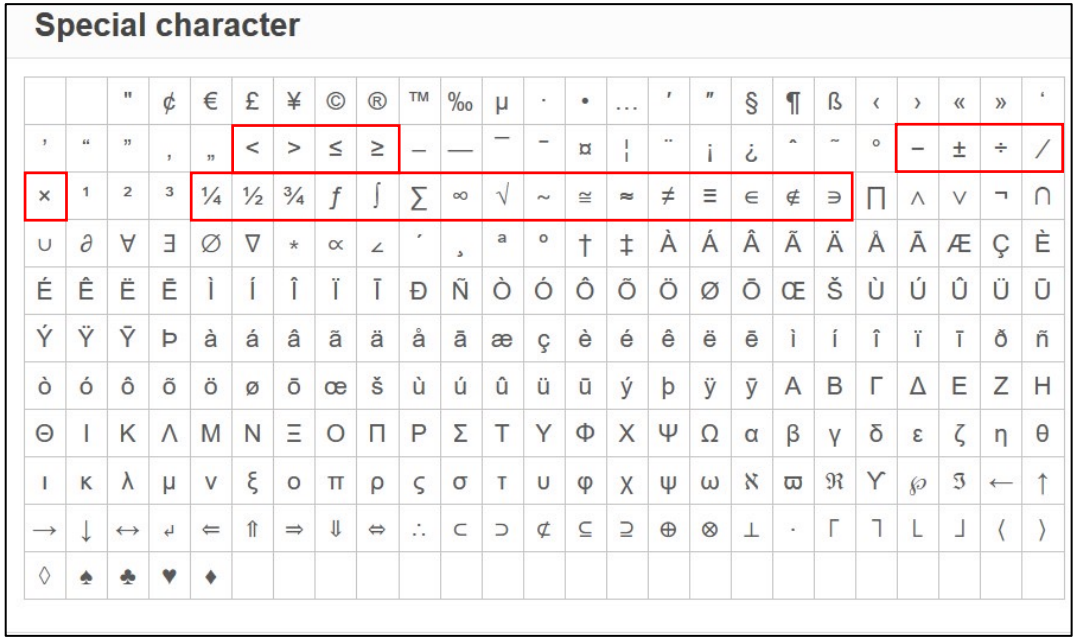
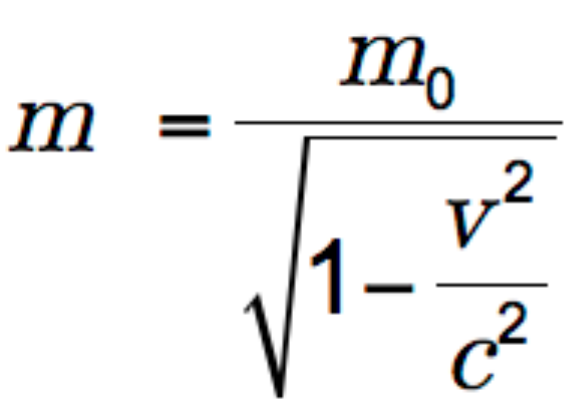
Math in Pressbooks

Option 1:
Special characters



Option 2:
Images of equations with alt text



Sample alt text:

m equals begin fraction m sub 0 over begin square root 1 minus begin fraction v sup 2 over c sup 2 end fraction end square root end fraction”

Option 3:
Write equations in a Pressbooks-supported language

Supported languages include

- LaTeX
- AsciiMath
- MathML

LaTeX

Shortcode syntax: `[latex]e^{i \pi} + 1 = 0[/latex]`

Dollar sign syntax: `$latex e^{i \pi} + 1 = 0$`

AsciiMath

Shortcode syntax: `[asciimath]e^{i \pi} + 1 = 0[/asciimath]`

Dollar sign syntax: `$asciimath e^{i \pi} + 1 = 0$`

MathML

Markup syntax: `<math><!-- Your math here --></math>`

Example:
LaTeX

Step 1: Calculate the increase in cups served.

[latex]\LARGE201-78=\text{123 more cups of coffee}[/latex]

Step 2: Write down the formula you are going to work with.

[latex]\text{Percentage change}=\dfrac{\text{Actual increase or decrease}}{\text{Original amount}}\times100[/latex]

Step 3: Plug the numbers into the formula.

[latex]\LARGE\text{Percentage change}=\dfrac{123}{78}\times100[/latex]

Step 1: Calculate the increase in cups served.

$$201 - 78 = 123 \text{ more cups of coffee}$$

Step 2: Write down the formula you are going to work with.

$$\text{Percentage change} = \frac{\text{Actual increase or decrease}}{\text{Original amount}} \times 100$$

Step 3: Plug the numbers into the formula.

$$\text{Percentage change} = \frac{123}{78} \times 100$$

Once your book is finished, you can download the files and submit them to ebookstores and print-on-demand providers.
Ebook Stores
Once you have downloaded your files, you can either submit them to ebookstores yourself, or use a third-party distributor. Recommended self-serve ebookstores are Kindle, Kobo, and Nook. Other ebook stores include Apple iBooks and Google.
If you do not wish to submit your ebooks yourself, we recommend using a third-party distribution service such as IngramSpark, which can also make your books available online in print.
Print-on-Demand
If you wish to sell your printed books online, we recommend going through IngramSpark or Amazon's CreateSpace.
Adding BUY Links to Your Pressbooks Web Book
If you would like to add BUY links to your Pressbooks web book, add the links to your book at the different retailers below:
Amazon URL
O'Reilly URL
Barnes and Noble URL
Kobo URL
iBooks URL
Other Service URL
