What is Animaker?

Intuitive online tool for creating professional-looking animations

Key Features of Animaker:

- User-friendly drag-and-drop interface
- Access to extensive characters and AI-powered elements
- Al-powered subtitle creation
- Natural-sounding AI voiceovers
- Al-powered explainer videos

Why Animation and Animaker?

- Supports Multiple Means of Representation (Universal Design for Learning or UDL Principle)
- Engages Visual Learners
- Supports Auditory Learners
- Supports Visual Storytelling & scenario-based learning

- Promotes creativity and collaboration

Question: How familiar are you with Animaker or animation tools in general?

- . Very familiar, I use it regularly
- . Somewhat familiar, I've used it a few times
- . Not familiar at all, this is my first time

Poll #1

Free Account

- Animations under 2 minutes
- Elements without the stars

Take your time to thoughtfully answer these questions for the best results

What is the title of the training video?

Exploring Animaker for Teaching and Learning

What is the name of the trainer?

Maryam Safa Schneider

Provide a short Intro about trainer (Designation, experience & Company name).

Assistant Professor of communication and psychology at University Canada West

Provide the name of the training modules covered.

Module 1: Introduction and Overview of Animaker Module 2: Signing up for Animaker Module 3: Animaker Scavenger Hunt Module 4: Creating a Short Animation Module 5

Why does this training matter?

Animaker offers an intuitive platform for creating professional-grade animations without needing advanced technical skills. The training gives teachers the ability to use this to

Call-to-action for the trainees at the end of the training.

Start creating dynamic, engaging animations today to elevate your teaching and captivate your students.

Explainer #1: Animaker GenAl

Question: Do you see Animaker being a useful tool in your teaching?

- . Yes, definitely! I can see how it will enhance my lessons.
- . Maybe, I need to explore it more to be sure.
- . Not sure, I need more information before making a decision.

Poll #2

Open an account

Go to <u>www.animaker.com</u> and sign up for a free account or log in if you already have an account.

You also click on Create for free

Question: *Did you successfully create an Animaker account?*

- . Yes, no issues at all!
- . I encountered some difficulties, but I managed to sign up.
- . No, I was unable to sign up.

Scavenger Hunt

Add a character to your project (cartoon) and horizontal video.

2

Build your own character (customize the character's appearance: clothing, hair, color, etc).

Generate background using AI. Put a description in the box. Click on one image and add it to your timeline.

Scavenger Hunt

Type in "dance" in the box for action (Character)

Select a free dance track

Hit play!

Question: Did you successfully make your

customized character dance?

. Yes!

- . I encountered some difficulties, but I managed it.
- . No, I was unable to.

Poll #4

The first time I used Animaker to illustrate cognitive biases

Design considerations for Using Animaker

Explainer #1: GenAl

- Click on "Generate animated video with AI"
- Choose course overview (or a different option)
- Describe your course

Take your time to thoughtfully answer these questions for the best results
